Class Schedule**

Back to our
heritage...

Heritage Crafts: Pottery

Josh Floyd
Heritage Crafts
Coordinator

Heritage Crafts

As Montgomery Community College begins its 50th year as a college, it is appropriate that we explore our roots. Pottery, Gunsmithing, Taxidermy, Forestry . . . Montgomery Community College's signature programs evolved from the rich history, natural resources, and cultural heritage that makes up Montgomery County. The programs endured and gave Montgomery Community College its identity—its heritage.

Mike Ferree, retired Professional Crafts:
Clay program head & lead instructor

In 1973, Montgomery Technical Institute hired Mike Ferree as its Pottery instructor. For the next 40 plus years, Ferree built a program that turned out such nationally-recognized potters as Phil Morgan, Mack Criscoe, and David Garner.

Ferree retired in 2014 and the program reorganized to become Heritage Crafts: Pottery under a new coordinator, Josh Floyd. Floyd was born and raised in West Virginia and earned his B.A. in Art from Fairmont State University. He worked as a studio potter and in the clay manufacturing industry for approximately ten years and most recently was the Artist in Residence for the N.C. Pottery Center in Seagrove.

Floyd has been coordinator for less than a year and is working to define what Heritage Crafts means for Montgomery County.

"I've been trying to determine which of the heritage crafts are important to our region," Floyd said. He reached out to organizations such as STARworks, the Piedmont Craftsman's Guild, and the N.C. Knifemaker's Guild for assistance with this task.

"We're expanding our knifemaking classes which could also introduce forging and blacksmithing," said Floyd. Some of the other classes that will be coming or returning to the lineup include basket weaving, jewelry making, a pollinator gardener class, and cooking classes with local chefs. Floyd's first priority however, is to maintain the reputation of excellence that the Pottery program enjoyed under Mike Ferree.

Josh Floyd, Heritage Crafts Coordinator

In order to expand the program's reach, Floyd has been working with the North Carolina Pottery Center and STARworks Artists in Residence, as well as local artists, to institute Working Artist Wednesday Visiting Artist Program. One Wednesday each month, potters from the local community come to campus to present live, hands-on demonstrations for students and visitors. Working Artist Wednesdays are free and open to the public.

Floyd is also working with the class schedule to accommodate students who currently take pottery classes. "Many of these students are potters who come to hone their skills and bounce ideas off each other," said Floyd. "Others are filling a bucket list."

Although MCC is changing as it moves into its next 50 years, an important part of its identity as Montgomery County's college will be maintained through the Heritage Crafts program.

About Continuing Education

Continuing Education is where many individuals get their start in college. Continuing Education provides short-term training courses or programs designed for those individuals seeking occupational skills training for certification or maintenance, a new career or job, high school completion, or simply broadening their knowledge in a personal interest area. Continuing Education offers courses in computer skills, public safety, health occupations, fitness, foreign languages, and the industrial/manufacturing skilled trades. Additionally, Continuing Education offers courses for professionals in the insurance and real estate occupations whereby they can earn continuing education units (CEUs) required by the state of North Carolina to maintain certification.

How to Find the Classes You Want

Are you interested in upgrading your current job skills or are you looking for new skills for a new job? Do you need to recertify your skills in your current occupation? Simply search the Table of Contents for the program or courses that meet your needs.

Do you want to work on your reading, writing, or math skills? Do you want to work toward an Adult High School Equivalency Diploma (formerly GED®)? Then you need College and Career Readiness.

Are you unemployed? Are you looking for classes designed to help you prepare for and find a job? Look for classes under Career Planning & Development.

Do you want to take classes to satisfy a personal interest or just to have fun and meet new people? Then you need Personal Interest.

Are you a business owner or are you interested in starting your own business? Are you looking for a resource that could help you on the job? Then you need the Small Business Center.

Is English your second language? Do you want to become more proficient speaking English? Then you need English as a Second Language.

Not sure you fit any of these categories? Then please look at the class offerings in this publication. When you see one that fits your needs, call us! We'll be glad to help you.

Let us know what you need by contacting us at (910) 576-6222, extension. 256. **(Please note: MCC will be changing telephone numbers in December. To reach the Continuing Education Department please call (910) 898-9673, or (910) 898-9672.)**

Registration

You may register for a Continuing Education class anytime before a class is scheduled to begin. Classes without enough students to satisfy instructional costs will be canceled at the college's discretion, so we recommend early registration. For more information about registering for Continuing Education classes, please read the Frequently Asked Questions section.

Continuing Education office hours are 8:00 a.m. - 5:30 p.m. Monday through Thursday and 8:00 a.m. - 3:00 p.m. on Friday. Please call (910) 576-6222, extension 508 or 256 for more information. **(Please note: MCC will be changing telephone numbers in December. To reach the Continuing Education Department please call (910) 898-9673, or (910) 898-9672.)**

Frequently Asked Questions

- **How old do I have to be before I can take a "Continuing Education" class?**

Anyone 18 years of age or older who is not currently enrolled in public school is eligible to attend Continuing Education classes. Persons 16-17 years of age and still in school may enroll if they obtain a Covenant Enrollment Release form signed by the principal of their high school.

- **How do I register?**

Methods of Registration

- By phone at (910) 898-9673 or (910) 898-9672.
- By e-mail at ce-registration@montgomery.edu. A fillable form can be found at <http://tiny.cc/mccregistration>
- By mail to Montgomery Community College, Continuing Education, 1011 Page Street, Troy, NC 27371. Registration form must be accompanied by payment in order for registration to be complete.
- Or visit us in the Continuing Education department at MCC in Building 100.

Important Information About Registering

- Advance registration is required for all Continuing Education classes. Payment is due at the time of registration.
- Montgomery Community College may cancel a class due to low enrollment. Registration fees will be 100% refunded in the case of cancellation by the college.
- Financial assistance is available for some classes. Please inquire at registration time about possible financial assistance.

- **What does the "(SS)" mean next to a course title?**

"(SS)" means "self-supporting." Self-supporting courses are offered by the college at the request of the community. Registration fees vary depending upon the number of students enrolled. There are no fee exemptions for self-supporting courses and fees are non-refundable except in the case of course cancellation by the College.

- **How much does it cost to take a class?**

The registration fees for classes vary depending on the number of class hours. Some classes require textbooks, materials, lab fees or insurance. Fixed costs will be listed under "Fees" below each class. Where a textbook or other supplies are needed, every effort is made to announce this in the class description. Because supply needs are highly variable, they may not be listed for every class.

- **What if I have to drop out of a class?**

Students are eligible for a 100% refund if they withdraw from a class before the class begins, or if the class is canceled by the college. Students who withdraw after the class begins, but before 10% of the total number of class hours has been taught, may receive a 75% refund upon request. No refunds are permitted after 10% of the class hours have been taught. No refunds are permitted for self-supporting (SS) classes except if canceled by the college.

- **May I take a class more than once?**

Students may repeat any course at the regular registration fee.

- **Can I earn college credit for taking a class through Continuing Education?**

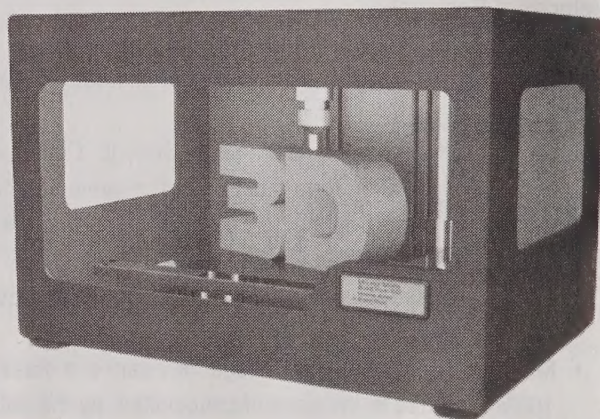

In general, Continuing Education courses do not earn credit toward a degree; however, some classes are specifically designed to bridge into for-credit (curriculum) college programs. Also, the CEU serves as a unit to recognize an individual's participation in noncredit activities that meet the appropriate criteria. Ask a Continuing Education representative for more information about bridging classes or CEUs.

Advanced Manufacturing

Advanced manufacturing is a broad category used to describe the use of technology to improve products and/or processes. These courses center on the innovative application of additive technologies such as three-dimensional computer aided design technology, as well as improving performance of the industry through certifications. Courses provide the knowledge and skill to apply technologies to most manufacturing jobs, or for self employment utilizing these technologies.

3-D Printer Uses and Applications

Learn to create three-dimensional (3-D) concept designs with Solidworks software. 3-D computer aided design technology has a wide variety of applications apart from the industrial setting. Find out how to use and apply this technology to a variety of occupations from entry level designers to prospective small business owners. Upon completion of this class, students should be able to produce a physical prototype and detailed design using a 3-D printer and software.

3-D Printer Applications \$70 8 AM-12 PM WTH 3/15-16 Rm 143

Additive Manufacturing Training Academy

Additive manufacturing is the industry standard term for the process of joining materials to make objects from 3-D model data. This is a project-based program that will teach participants 3-D modeling concepts using AutoDesk Inventor software. Participants will design and print their own creations.

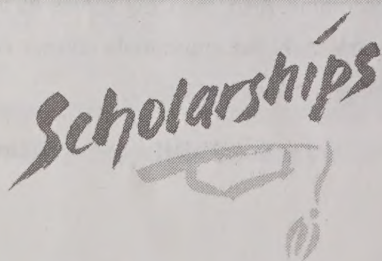

Additive Mfg Academy \$180 6-9 PM MW 1/9-5/1 Rm 143

Industrial Sewing Academy

The Industrial Sewing Training Academy is a program of Montgomery Community College in collaboration with McRae Industries. The purpose of the Academy is to train people to sew in order to connect them with jobs in local manufacturing. The course is open to anyone looking to gain skills in order to sew for manufacturing. Students, many of them beginners, learn how to sew on industrial sewing machines. This course trains students to enhance their accuracy, speed and knowledge of construction as the course progresses. Please contact the Continuing Education office at (910) 576-6222, extension 256 for information. **Please note: New telephone numbers for the Continuing Education Department will be issued in December 2016. New numbers are: (910) 898-9673 or (910) 898-9672.**

Certifications and Licensing

Classes are available for individuals who wish to obtain or maintain licenses in occupations such as notary, funeral director, insurance agent, real estate agent, teacher, wastewater operator, and other OSHA or RCRA governed occupations. For certifications and licensing for healthcare or public safety occupations, please see the section on Health and Public Safety.

**Scholarships are available for many
Continuing Education classes.
Please inquire about scholarships
when registering for a class.**

Notary Public Education

NC Notary Public Commission requirements for notaries:

- Must be at least 18 years of age
- Reside legally in the US
- Reside or work in North Carolina
- Must be able to speak and write English
- Must possess a high school diploma or equivalent
- Must take seven-hour NC Notary Public Course and pass exam

Candidates will be required to verify identity by presenting a state or federal government issued photo identification document, such as an NC driver's license or a US passport. Candidates must acquire and review the required manual prior to attending class. The *2016 Notary Public Guidebook for North Carolina* is available in the MCC General Store or directly through the NC Dept. of the Secretary of State at www.sosnc.com.

Notary Public	\$70	8:30 AM-4:30 PM	Sa	1/28	Rm 136
Notary Public	\$70	8:30 AM-4:30 PM	Sa	2/18	Rm 136

Effective Teacher Training

This course provides online training for individuals who wish to become substitute teachers or teacher's assistants in the public school system. Topics include reading lessons plans, classroom management, teacher-student and teacher-parent relations, and more. The course is self-paced and materials can be completed any time between the start and end dates. A certificate

will be awarded upon successful completion. Required text: Wong, Harry K. and Rosemary T. Wong. *How to Be an Effective Teacher. The First Days of School*, 2009. ISBN: 978-0-9764233-1-7 (Cost \$36).

Effective Teacher Course	\$70	2/6-3/31	Online
Effective Teacher Course	\$70	3/27-5/12	Online

Wastewater Operator

This course examines the operations, maintenance, laboratory, rules, regulations, record keeping, etc., of biological wastewater operations. Course work covers the following topics: activated sludge, effects of untreated wastewater on the environment, troubleshooting, process control, NCDENR-DWQ rules, and requirements for the wastewater field. Upon completion, students should be able to demonstrate and understand more advanced biological wastewater operations and will be prepared for wastewater plant supervision or continuing employment as a biological wastewater operator.

Wastewater Operator 1 & 2 **\$180** **5:30-8:30 PM** **TTH** **2/7-4/13** **Rm 231**

Introduction to Human Services-DSS

This course is designed to provide employability skills training and career exploration for the role of Income Maintenance Caseworker within the Division of Social Service agencies. Fees for this class are waived for students meeting income guidelines.

Intro to Human Svs-DSS **\$125** **6- 9 PM** **TTH** **1/10-2/23** **Rm 141**

Income Maintenance Caseworker

This course is designed to cover a variety of skills associated with the Income Maintenance Caseworker role to determine service eligibility. Specific focus will include proficiency in the utilization of the NCFAST application. Other topics will include communication, interviewing, time management, data gathering/compiling, and data analysis.

Income Maint Caseworker **\$180** **6-9 PM** **TTH** **2/28-4/27** **Rm 141**

Corporate Training

Montgomery Community College's Corporate Training programs deliver training and development solutions for organizations and individuals. Whether you need to set up individual training classes, design organization-wide employee development, or plan and conduct a training event on our campus we encourage you to learn more about Corporate Training at Montgomery Community College.

- Mechanical
- Fluid & Pneumatic control
- Manufacturing Skill Standards council (MSSC) Certified Production Technician

Customized Training

Montgomery Community College's Customized Training Program brings the best corporate trainers and courses from across North Carolina right to the doorstep of businesses across Montgomery County. The Customized Training Program partners with local businesses to develop practical training solutions that are cost and time efficient, while effectively meeting corporate goals.

Like a corporate concierge, our director will meet with your business to determine training goals, customize a series of courses that meet your time and investment targets, and coordinate the delivery of the training program through completion of the project. Many businesses are eligible for funding that can greatly reduce the cost of training; find out if your company is eligible today.

Can your business check two or more of the following criteria?

- » The business is making an appreciable capital investment.
- » The business is deploying new technology.
- » The business is creating jobs, expanding an existing workforce, or enhancing the productivity and profitability of the operations within North Carolina.
- » The skills of the workers will be enhanced by the assistance.

If so, your business may be eligible for funding for customized training. Allow us to cater to you through a process that develops your workforce to your needs, on your time.

Contact Andrew Gardner today for more information, including scheduling and pricing options. Call 910-576-6222, extension 532, or e-mail gardnera@montgomery.edu. **(Please note: Andrew's telephone number will change in December. The new number will be 910-898-9674.)**

College and Career Readiness (ADULT HIGH SCHOOL EQUIVALENCY)

Classes are offered for the adult who desires to complete studies for the Adult High School Equivalency Diploma or to review reading, math, and English skills. Contextualized instruction is utilized in a classroom setting.

Before enrolling in a class, an individual must attend a registration/orientation session. Registration/orientation will be on the first Tuesday of every month. Minors (16-17 years of age) may enroll in the program but need to obtain a Minor Release Form to be completed by a parent or legal guardian and the Board of Education before registering. For further information please contact the College and Career Readiness Department at (910) 576-6222, extension 254, or extension 236. *All Career and College Readiness (Adult Secondary Education) classes are free.* **Please note: New telephone numbers for the College and Career Readiness Department will be issued in December 2016. New numbers are: (910) 898-9680 or (910) 898-9678.**

English as a Second Language

Would you like, or do you know anyone who would like to:

- Learn English in a fun and practical way with experienced teachers?
- Improve reading and writing skills in English?
- Improve communication skills in the workplace, schools, and community agencies?

This is a great opportunity for you, your family, and your friends. The classes adapt to students of all levels — beginning, intermediate, and advanced — and are completely free. You can begin at any time during the semester. *All ESL classes are FREE.*

9 AM-12 PM	MTH	1/9-5/11	Seventh Day Adventist Church, Bisco

Clases de Inglés (gratis)

Le gustaría usted, o conoce alguien a quien le gustar:

- ¿Aprender inglés de una manera práctica y entretenida con profesores expertos en ESL?
- ¿Mejorar su habilidad de comunicarse y entender inglés en diferentes situaciones (como en la escuela, el centro de trabajo, bancos, tiendas, etc.)?
- ¿Mejorar sus oportunidades de comunicarse y encontrar trabajo?

Ésta es una gran oportunidad para usted, su familia y sus amigos. Las clases se acomodan al nivel de los estudiantes — principiantes, intermedios y avanzados — y son completamente gratis. Puede empezar en cualquier momento durante el semestre.

Health and Public Safety Occupations

Classes are available for individuals who wish to train for occupations in healthcare or public safety. Classes are also available for individuals who are currently in healthcare or public service occupation and require continuing education to maintain their certification(s).

CPR & BLS

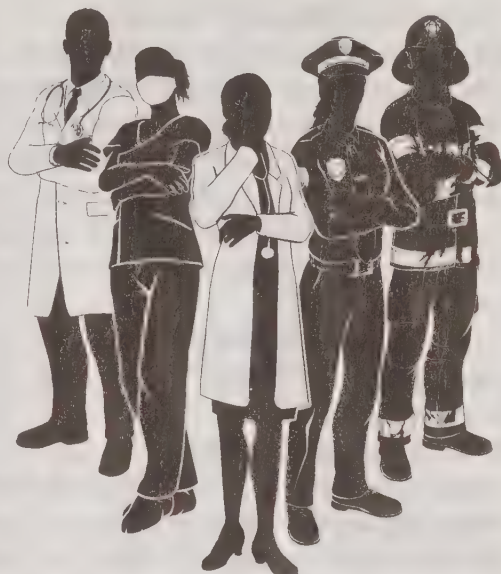

What is the difference between Basic Life Support (BLS) and CPR/First Aid?

BLS is the course developed by the American Heart Association specifically for healthcare providers.

Who needs BLS?

BLS is the required level of CPR certification for lifeguards, emergency medical technicians, nurses, pharmacists, physicians and any other professional rescue or healthcare provider, or student of any of these professions.

CPR and first aid can be scheduled anytime for groups, agencies, or businesses. Call Continuing Education at (910) 576-6222, extension 551 for more information and custom scheduling. **Please Note:** A new telephone number for the Health & Public Safety Department will be issued in December 2016. The new number is: (910) 898-9687.

EMS Online

Credentialed EMS providers looking for a more convenient way to earn their state-mandated continuing education units (CEUs) can take their training online with Montgomery Community College's EMS continuing education modules. Two online course modules are scheduled each month – one in Basic Life Support for first responders and EMT-basics, and one in Advanced Life Support for EMT-intermediates and paramedics. All the classes are listed by month and updates can be found on the MCC website under Continuing Education.

Basic Life Support/Advanced Life Support	Month/Date
ALS-Neurological Emergencies	January 15-21
BLS-Neurological Emergencies	January 15-21
ALS-Geriatrics	February 12-18
BLS-Geriatric Emergencies	February 12-18

*Classes Subject To Change

LAW ENFORCEMENT - ADVANCED

Advanced Subject Control Techniques

All law enforcement officers and jailers in North Carolina receive training in subject control arrest techniques or SCAT during their basic school. There is currently no mandated inservice training requirement for SCAT after BLET. These techniques and skills are perishable if not reviewed on a regular basis.

When faced with an assaultive subject it could make all the difference in the outcome of a situation. Advanced subject control techniques is an ongoing course that teaches 23 advanced

techniques from Gracie Survival Tactics (GST). These advanced techniques build off of the basic SCAT that officers learned in BLET. Techniques can be practiced until officers become proficient. Recommended attire is uniform trousers, tactical pants or sweat pants, t-shirt or sweat shirt.

All classes will be instructed by Pete Herron, Subject Control Arrest Techniques instructor and Gracie Survival Tactics Instructor.

Fee is waived for qualified officers.

Adv. Subject Control	6:30-8:30PM	T	1/6-5/4	Rm 231
	8-10 AM	TH	1/6-5/4	Rm 231

POPAT 01

This four-hour class will cover all aspects of the new police officer's physical abilities test (POPAT) that was implemented by Training and Standards in 2015. Also included will be nutrition strategies, and techniques to improve muscular strength, endurance, and body composition. The training will conclude with a demonstration of the POPAT and the opportunity for each officer to practice and challenge the POPAT course.

Fee is waived for qualified officers.

POPAT 01	1-5 PM	TH	1/26	Rm 513
POPAT 01	1-5 PM	TH	2/16	Rm 513
POPAT 01	1-5 PM	TH	3/16	Rm 513
POPAT 01	1-5 PM	TH	4/20	Rm 513
POPAT 01	1-5 PM	TH	5/4	Rm 513

MEDICAL OCCUPATIONS

Health Occupations Secretary (Hybrid)

This course introduces a variety of clerical duties within a healthcare setting. Emphasis is placed on clerical, computer, and receptionist duties for both hospital and family practice units; maintenance of consistent patient medical records; and inter/intradepartmental communication. Upon completion, students should be able to perform patient and unit support services in a patient care environment. Health Occupations Secretary is a short term class introducing students to the critical aspects and importance of the business end of healthcare. A textbook is required for this class. *Please note: Hybrid courses require online and classroom participation.*

Health Occ Sec	\$180	5:30-8:30 PM	MW	1/18-5/15	Rm 141

Medical Terminology

This course is an introduction to the structure of medical words and terms. Emphasis is placed on spelling and defining commonly used prefixes, suffixes, root words, their combining forms, and body organization. Program content covers the basic human anatomy and physiology for all systems, laboratory medicine, pharmacology, and elements of medical terms and names of major diseases, including terms used in physical exams, operative procedures and diagnosis.

Please note: Hybrid courses require online and classroom participation.

Med Terminology (Hybrid)	\$125	9-11 AM	F	1/20-5/12	Rm 136
Med Terminology	\$125	Online		1/20-5/12	Online

Medical Transcription/Scribe (Hybrid)

Deemed one of our area's most needed skill sets in potential new hires, Medical Transcription/Scribe could be your doorway into healthcare. This course is designed to teach students to accurately and efficiently transcribe medical terms and physician dictation. The course consists of simulation of actual transcription using physician tapes. Course topics include understanding report formats for chart notes, history and physicals, letters, and discharge summaries; transcribing reports for

emergency, pharmacology, dermatology, orthopedics, cardiology, pulmonary, OB & GYN, neurology and other medical areas; understanding how to operate various transcription machines; learning speed with accuracy; and other related topics. *Please note: Hybrid courses require online and classroom participation.*

**Please see our website for the most current
listing of Continuing Education classes.**

Classes are added to the schedule weekly at

www.montgomery.edu/continuing-education-classes

Nursing Assistant I & II

To register, applicants must:

- 1) Show a valid ID and Social Security card.
- 2) Show evidence of a high school equivalency diploma or GED®, or obtain the required reading level test score. A reading test can be taken any Wednesday at 5:30 p.m. or Thursday at 9:00 a.m. in Room 149.
- 3) Students must have a two-step TB skin test.

Nursing Assistant I

This class introduces students to the skills and competencies needed for basic patient care in a health care setting. After successful completion of the course, the student can provide safe, effective, basic nursing care in a variety of health care facilities under the supervision of licensed nurses and/or other approved personnel. Students must complete clinical rotations as part of the course. *Please note: Nursing Assistant Hybrid courses require online, classroom, and clinical participation.*

Nursing Assistant I	\$270.60	8 AM-12:30 PM	MW	1/9-5/10	Rm 157
Clinical (required component)		8 AM-12:30 PM	MTWTH	4/10-5/10	Clinical Site

Nursing Assistant II

Students must be listed as a Nursing Assistant I in good standing with the North Carolina Department of Health and Human Services in order to register for the Nursing Assistant II course. Students are taught skills in oxygen therapy, suctioning, tracheotomy care, IV fluid monitoring and discontinuation, nasogastric and gastrostomy feeding procedures, enterostomy care, urinary diversion and urinary catheterization. This course equips the students with advanced skills in providing care for the elderly and older adults. Students will complete clinical rotations as part of the program.

Nursing Assistant II	\$232.60	5:30-10 PM	MWTH	1/4-4/17	Rm 154
-----------------------------	-----------------	-------------------	-------------	-----------------	---------------

Phlebotomy

This course provides theory and clinical experiences needed for the proper collection of blood and other specimens used for diagnostic testing. Emphasis is placed on ethics, legalities, medical terminology, safety and universal precautions, health care delivery systems, patient relations, anatomy and physiology, and specimen collection. Upon completion, students should be able to safely perform procedures necessary for specimen collections on patients in various health care settings and may be eligible for national certification as phlebotomy technicians. Fee includes class lab fee, tuition, and cost of required drug screen & background check.

Phlebotomy	\$304.60	9 AM-1 PM	MTTH	1/09-5/19	Rm 148
Phlebotomy	\$304.60	4:30-9:30 PM	MTTH	1/09-5/19	Rm 139

Heating, Ventilation & Air Conditioning (HVAC)

Classes are designed to prepare individuals to take the CFC/EPA and NATE certification exams for employment in the heating and air conditioning industry. Individuals may take the HVAC program either as a college credit (curriculum) program or a noncredit (continuing education) program.

Heating & Heat Pump Technology

This course covers the fundamentals of heating including oil, gas, electric heating systems, and the principles of air source and water source heat pumps. Topics include safety, tools and instrumentation, system operating characteristics, installation techniques, efficiency testing, electrical power, and control systems. Upon completion, students should be able to explain the basic oil, gas, electrical heating systems, describe the major components of a heating system, and be able to understand and analyze system performance and perform routine service procedures.

Heat Pump Tech	\$181.60	8 AM-12 PM	MTW	1/9-5/8	Rm 168
-----------------------	-----------------	-------------------	------------	----------------	---------------

HVAC Job Ready

This course introduces the principles and concepts to become a HVAC technician. Topics include duct systems, maintenance of HVAC equipment, HVAC controls, and customer relations.

HVAC Job Ready	\$181.60	12:30-4:30 PM	MTW		
		8 AM-4:30 PM	TH	1/9-5/8	Rm 168

HVAC Electricity and Heat Pumps

This course covers the fundamentals of heating including oil, gas, electric heating systems, and the principles of air source and water source heat pumps. Topics include safety, tools and instrumentation, system operating characteristics, installation techniques, efficiency testing, electrical power, and control systems. Upon completion, students should be able to explain the basic oil, gas, electrical heating systems, describe the major components of a heating system, and be able to understand and analyze system performance and perform routine service procedures.

Electricity & Heat Pumps	\$181.60	5-9 PM	MWTH	1/9-5/8	Rm 168
-------------------------------------	-----------------	---------------	-------------	----------------	---------------

HVAC Building Codes

This course covers the North Carolina codes that are applicable to the design and installation of HVACR systems. Topics include current North Carolina codes as applied to HVACR design, service, and installation. Upon completion, students should be able to demonstrate the correct usage of North Carolina codes that apply to specific areas of the HVACR trade.

HVAC Building Codes	\$126.60	1:30-4:30 PM	T	1/10-5/2	Rm 168
----------------------------	-----------------	---------------------	----------	-----------------	---------------

HVAC Servicing

The course covers the maintenance and servicing of HVAC equipment. Topics include testing, adjusting, maintaining, and troubleshooting HVAC equipment and record keeping. Upon completion, students should be able to adjust, maintain, and service HVAC equipment.

HVAC Servicing	\$181.60	8 AM-4:30 PM	TH	1/10-5/2	Rm 168
-----------------------	-----------------	---------------------	-----------	-----------------	---------------

Welding

Welding classes provide individuals with the skills to pursue one or more welding certifications and to exit the course prepared for employment as a welder. Classes are designed to serve both the beginning and experienced welder.

Stick Welding Basic

Produce quality stick welds and oxyacetylene cuts on steel using proper techniques and procedures. This hands-on course stresses safety, electrode and tip selection, machine and torch settings, weld sizing and more. The first day of class is mandatory to go through the safety orientation.

Stick Welding Basic	\$201.60	7 AM-2:30 PM	MTW	1/9-5/8	Rm 171
Stick Welding Basic	\$201.60	6-10 PM	MTW	1/9-5/8	Rm 171
Stick Welding Basic	\$201.60	12-2:30 PM	MW	1/9-5/8	Rm 171

MIG Welding Basic

Produce quality MIG welds on mild steel, using proper techniques and procedures. This hands-on course stresses safety, wire and shielding gas selection, machine settings, weld sizing and more. The first day of class is mandatory for safety orientation.

MIG Welding Basic	\$201.60	7 AM-2:30 PM	MTW	1/9-5/8	Rm 17
MIG Welding Basic	\$201.60	6-10 PM	MTW	1/9-5/8	Rm 17
MIG Welding Basic	\$201.60	12-2:30 PM	MW	1/9-5/8	Rm 17

TIG Welding Basic

Produce quality TIG welds on mild steel, using proper techniques and procedures. This hands-on course stresses safety, rod and tungsten selection, machine settings, weld sizing and more. The first day of class is mandatory to go through the safety orientation.

TIG Welding Basic	\$201.60	7 AM-2:30 PM	MTW	1/9-5/8	Rm 17
TIG Welding Basic	\$201.60	6-10 PM	MTW	1/9-5/8	Rm 17
TIG Welding Basic	\$201.60	12-2:30 PM	MW	1/9-5/8	Rm 17

Repair Welding and Fabrication

This course covers the safe and efficient use of welding tools, and techniques to repair and maintain industrial machinery. The course emphasizes the fabrication of guards and brackets, welding of dissimilar metals, structural welding, out-of-position welding, MIG welding, SMAW welding, air-arc welding, and various grinding and cutting tools, shears, breaks, and rollers.

Repair & Fabrication	\$201.60	7 AM-2:30 PM	MTW	1/9-5/8	Rm 171
Repair & Fabrication	\$201.60	6-10 PM	MTW	1/9-5/8	Rm 171
Repair & Fabrication	\$201.60	12-2:30 PM	MW	1/9-5/8	Rm 171

Welding Certification Prep

Increase your employability and validate your welding skills by becoming a certified welder. This hands-on course allows you to practice for an AWS weld test under the guidance of an AWS certified welding inspector.

Welding Cert Prep	\$201.60	7:30 AM-12:30 PM	Sa	1/14-5/6	Rm 171
--------------------------	-----------------	-------------------------	-----------	-----------------	---------------

Personal Interest

Personal interest classes range from cake decorating to knife making and from fitness to gunsmithing. Where there is a community interest, there is a class. With our online partner, Ed2Go, we offer hundreds of online options as well. **For a complete catalog of online personal interest classes, please go to www.ed2go.com/mccc.** If you have an interest for which we do not offer a class, contact the Continuing Education Department to suggest a topic. (910) 576-6222, extension 256. **Please note: Continuing Education telephone numbers will change in December. The new telephone numbers are: (910) 898-9672 and (910) 898-9673.**

ART

Multi Media Art (SS)

Beginning to advanced level students work in an open studio and receive one-on-one instruction with artist Joe Grebner. Media can include oil/acrylic, watercolor and pen/pencil. Scholarships are available.

Multi Media Art	\$45	9:30 AM-2:30 PM	T	1/10-2/28	Rm 301
Multi Media Art	\$45	9:30 AM-2:30 PM	T	3/21- 5/2	Rm 301

BASKET WEAVING

Introductory Basket Weaving with Chip Badgett (SS)

We are reviving a favorite class through our Heritage Crafts Program and again offering basket weaving. Take a couple Saturday mornings to learn this ancient art form. Instructor Chip Badgett will walk beginners through the process of making small baskets step by step in this hands-on class. An additional materials fee of \$20 covers materials for both baskets.

Intro to Basket Weaving	\$60	9 AM-12 PM	Sa	2/4 & 2/11	Rm 301
--------------------------------	-------------	-------------------	-----------	-----------------------	---------------

BEEKEEPING

Advanced Beekeeping (SS)

This class will inform those with an interest in maintaining healthy hives. Designed for both experienced beekeepers and those who have completed the Intro to Beekeeping class, this course will guide students through best practices in hive maintenance, hive set-up and inspections, and medication management. Bee colonies are on the decline but remain a huge part of our ecosystem.

Advanced Beekeeping	\$25	6-9 PM	M	2/6- 4/10	Rm 230
----------------------------	-------------	---------------	----------	------------------	---------------

FITNESS

Dance 2B Fit (SS)

Certified fitness instructor Tina Haywood incorporates several different dance styles to keep this class moving and grooving to lose weight, stay in shape, and have a great time. Students will use some weights (provided) throughout the class to make sure they receive a total body workout.

Dance 2B Fit	\$48	5:30-6:30 PM	MTH	1/9-3/8	Troy Elementary
Dance 2B Fit	\$48	5:30-6:30 PM	MW	3/13-5/3	Troy Elementary

Get Fit Stay Fit: Kickboxing Beast (SS)

This class is designed to improve your endurance and cardiovascular fitness, tone muscles, and shred your abs if you practice consistently with power and precision. GetFit StayFit Kickboxing routines are characterized by their high intensity intervals coupled with toning recovery periods to zap calories and define muscles.

Kickboxing Beast	\$38	6-7 PM	MTH	1/19-3/23	Page St. Elementary
-------------------------	-------------	---------------	------------	------------------	----------------------------

Get Fit Stay Fit: Spring Boot Camp (SS)

Join Tammy Owens for her 10-week Boot Camp that will get you ready for summer. Tammy steps it up a notch utilizing logs, sand bags, hiking trails and military style training for these workouts. Equipment needed: work out cords and a 4-5 ft. long, 3-4 lb. Boot Camp Stick.

Spring Boot Camp	\$45	6-7:15 PM	MTH	4/10-6/15	MCC Campus
-------------------------	-------------	------------------	------------	------------------	-------------------

Get Fit Stay Fit: Strength, Sweat, Chisel, and Core (SS)

In this advanced fitness class with Tammy Owens, you'll mix dumbbells, stability ball and floor work to help strengthen your core to develop a chiseled look. Equipment needed: 10 or 12 lb. dumbbell set, stability ball and work out mat.

Chisel and Core	\$32	6-7 PM	MTH	6/26-8/17	Page St. Elementary
------------------------	-------------	---------------	------------	------------------	----------------------------

Browse our catalog with a wide range of highly interactive courses you can take entirely online. All our courses are led by expert instructors, many of whom are nationally known authors. Courses are affordable, fun, fast, convenient and geared just for you. See for yourself at

MCC's New Telephone Number

That's right!
MCC is
switching
over to a new,
state-of-the-
art telephone
system over
the month of
December!

you don't know
the number,
you can call the
NEW MCC MAIN
NUMBER at
910-898-9600.
The Information

Desk can then
connect you directly to your party. The old
910-576-6222 number will be maintained
at least temporarily, but will not be able
to connect to the new telephone number.
Our Information Desk will be happy to
give you the number to call yourself.

What?? This
means the college
will be getting
new telephone
numbers. What
are we going
to do? How are
we going to call
MCC?

Oh! Don't worry! The
college's new main
number will be very
easy to remember,
910-898-9600, and
will be local to most
Montgomery County
numbers.

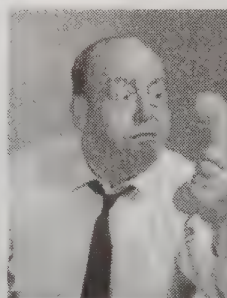

So here's how
it's going to work.
Instead of extension
numbers, staff and
faculty will have
their own telephone
numbers that can
be called directly. If

There's even
more good news!
The college
will have a new
toll-free number:
877-572-6222,
so anyone
outside the local
calling area can

still call MCC for free! I can't wait! The
new numbers are expected to be ready by
the beginning of spring semester 2017!

We appreciate
your patience and
understanding
while we make
this cost-saving
upgrade to our
phone system.

MCC's New Number:
910-898-9600

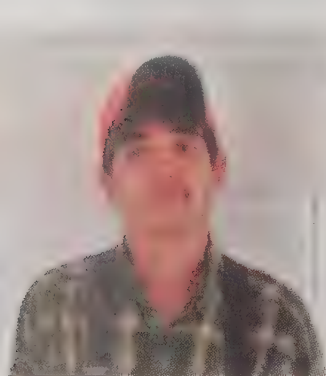

New Toll Free Number:
877-572-6222

Apprenticeship Montgomery Touts Successes

In 2014 the Apprenticeship Montgomery program began at Montgomery Community College as a partnership between local businesses, workforce development agencies, Montgomery County high schools and MCC. The program provides apprentices with a tuition-free education; paid, on-the-job training; and industry certifications that pave the way for future employment. Participating employers commit to pay all associated costs for their apprentice's education.

Each year, a new group of apprentices enters the program and begins an intensive academic and training schedule that's not for the faint of heart.

At this time, Montgomery Community College celebrates the successes of three of our apprentices who have made appearances in previous publications, and introduces a new apprentice who is already making great strides towards completing his certifications.

Jacob Cesaro,
2016 Apprentice

Jacob Cesaro is a junior at East Montgomery High School and is a member of the latest installment of apprentices. Jacob is sponsored by K-M Machine

Company in Biscoe, and is only one test away from obtaining his Certified Production Technician credential.

Brian Moore (West Montgomery Class of 2015)

and Francisco Salazar (East Montgomery Class of 2016) are both members of the inaugural class of Apprenticeship Montgomery apprentices. Brian appeared on the cover of MCC's Spring 2016 Class Schedule and is an apprentice at Jordan Lumber Company in Mount Gilead.

Francisco Salazar is an apprentice with MPG (formerly Grede Foundry) in Biscoe, and appeared in MCC's Fall 2015 Class Schedule.

To date, Brian and Francisco have earned their Certified Production Technician credential, basic welding skill level designation, Pre-Apprenticeship Certificate of Completion by the U.S. Department of Labor, and a Career Readiness Certificate. Both are continuing to work toward their degree in Industrial Systems Technology at MCC.

Aldolfo Munoz-Aldape is a 2015 graduate of East Montgomery High School and is an apprentice at Jordan Lumber Company. Aldolfo appeared in MCC's Spring 2015 Class Schedule because he completed his Certified Production Technician credential in record time, passing each of the four exams on the first attempt with near perfect scores. Aldolfo is continuing to work toward his degree in Industrial Systems Technology.

The Apprenticeship Montgomery program targets high school students enrolled in Career and Technical Education (CTE) pathways during their junior and senior years as well as MCC students enrolled in any skilled trades program.

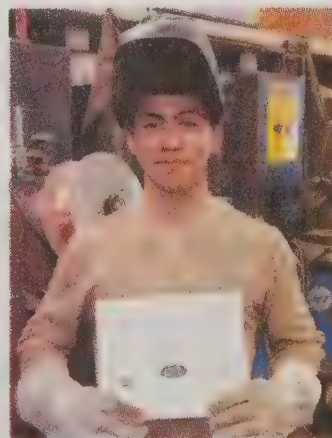

Recently, the program has begun targeting military veterans and service members of the N.C. National Guard looking for entry into the advanced manufacturing industry.

Brian Moore,
Apprentice since 2014

Francisco Salazar,
Apprentice since 2014

Aldolfo Munoz-Aldape,
Apprentice since 2015

CCP Info Tech Grad Now on Scholarship at Pfeiffer University

Phillip "P.J." Bailey in his dorm room at Pfeiffer

Last year at this time, Phillip "P.J." Bailey was a West Montgomery High School senior taking Career and College Promise classes at Montgomery Community College. Today, P.J. is a Pfeiffer University sophomore on a scholarship, and is working toward a bachelor's degree in Computer Information Systems. P.J. is

an achiever.

P.J. graduated from MCC last May with a certificate in Information Technology (IT) before he graduated from West Montgomery High School. In addition, he earned five IT industry certifications that place him well ahead of contenders for future job opportunities.

"I thought if I could get as many certifications as I could get now, it would help me later to get into a college and get a job," P.J. said.

P.J. earned his Microsoft Office Specialist (MOS) certifications in PowerPoint and Word, his Certiport IC3 GS5 certification in Digital Literacy, and the Microsoft Technology Associate (MTA) certifications in Networking and Security Fundamentals. Not only was P.J. the first Career and College Promise student to earn certification in MTA Networking and Security, he outscored his instructors on the Networking exam and holds MCC's high score record.

P.J. Bailey (pictured left) as a CCP student with three of his classmates at MCC after all four passed their MTA Security Fundamentals Certification exam on the first attempt. P.J. blew the exam out of the water by outscoring everyone, including his instructors.

According to IT Program Director, Marsha Mabry, the certification exams would cost \$400 or more if taken outside of MCC's IT program. Despite the cost savings, some students complete an entire two-year associate degree program without any accompanying certifications.

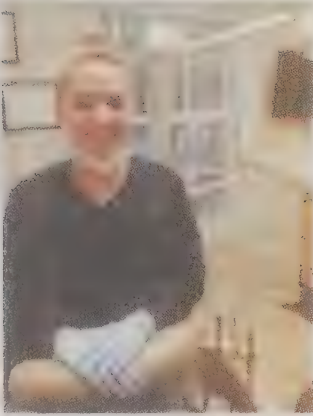

"Certifications are not mandatory, but are crucial to building a solid résumé because of the competitive job market," said Mabry.

P.J. has this advice for high school students taking Career and College Promise classes: "Information Technology is a good general-purpose degree, no matter what you decide to do. If it is what you want to do, get as much of it done as you can while you're still in high school."

It paid off for P.J. and it can for you, too.

Where are They Now?

Recent MCC Grads Share Their Successes

Victoria White
Dental Assisting Class of 2016

Victoria graduated from Wescare Christian Academy in 2013. While she was there, she enrolled in college transfer classes as a Career and College Promise student.

"Before I entered the Dental Assisting Program, I wasn't sure what I wanted to do. MCC helped guide me to a career with responsibility and opportunity to grow," Victoria said. The best part about MCC for Victoria was the instructors.

"They really have a passion for their students. They not only teach, but mentor their students and teach them life skills that can be applied every day," she said.

Victoria works for Dr. Andy Strayhorn in Rockingham, N.C.

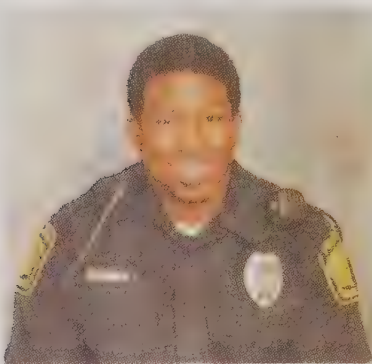

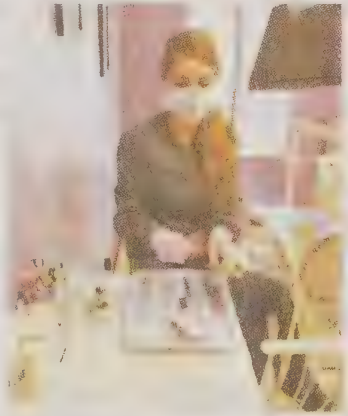

Casey West
Dental Assisting Class of 2014

Casey graduated from East Montgomery High School in 2012. She enrolled at MCC taking college transfer classes before entering the Dental Assisting program. Casey says she didn't have the option to go away to college because she was a mother and had a family to support. The Dental Assisting program could be completed in one year, and it didn't take long for Casey to gain the skills she needed to get a good job.

In addition to going to school, Casey worked at a grocery store to help pay the bills. When she graduated from MCC, she was immediately employed.

"My life has changed since attending MCC because I now have a great job and I can easily support myself and children," Casey said.

Casey works for Dr. Bhat & Associates in Pinehurst, N.C.

Wesley Maynor
Criminal Justice Class of 2013

After graduating from Montgomery Community College with his associate degree in Criminal Justice, Wesley Maynor earned his Bachelor of Science in Criminal Justice from Gardner-Webb University in 2015. He did an internship with the Asheboro Police Department where he was eventually hired full-time. Maynor says MCC helped put him on the right path to reach his

goals.

"While I was at MCC I got involved in different groups like the Minority Male Mentors, Criminal Justice Club and I was Vice President of the Student Government Association. MCC opened up more opportunities for me. The smaller class sizes helped me to get on a personal level with the faculty. They helped me to see what I could do and helped me to achieve my goals."

KNIFEMAKING

Basic Bladesmithing	\$375	8 AM-6 PM	THFSSU	1/12-15	Rm 10
----------------------------	--------------	------------------	---------------	----------------	--------------

Photo courtesy of wigginskives.wordpress.com

Basic Bladesmithing with Bill Wiggins is a hands-on course that teaches the forging, heat treating, and finishing methods required for a quality knife blade. Topics covered will be steel selection, forges and forging tools, heat treating, and finishing the forged blade. Class will be limited to students. 1 meal included.

Beginner Fixed Blade Grinding	\$375	8 AM-6 PM	THFSSU	3/16-19	Rm 10
--------------------------------------	--------------	------------------	---------------	----------------	--------------

With Ed & Tanya VanHoy

The class will take students into the first phase of knife construction. It will define the anatomy and construction of a fixed blade knife. The student will learn how to design, properly layout the grinding lines, lay out lines for drilling, and handle/scales. It will start from basic grind preparation and end in the student having a finished blade that will then be completed into a finished knife. Students will have the opportunity to do more than one blade if they choose. 1 meal included.

Intermediate Grinding & Finishing	\$375	8 AM-6 PM	THFSSU	5/4-7	Rm 10
--	--------------	------------------	---------------	--------------	--------------

With Ed & Tanya VanHoy

Students will hone their skills as they grind, heat treat, and finish a knife using the stock removal method. Each student will complete one knife. 1 meal included.

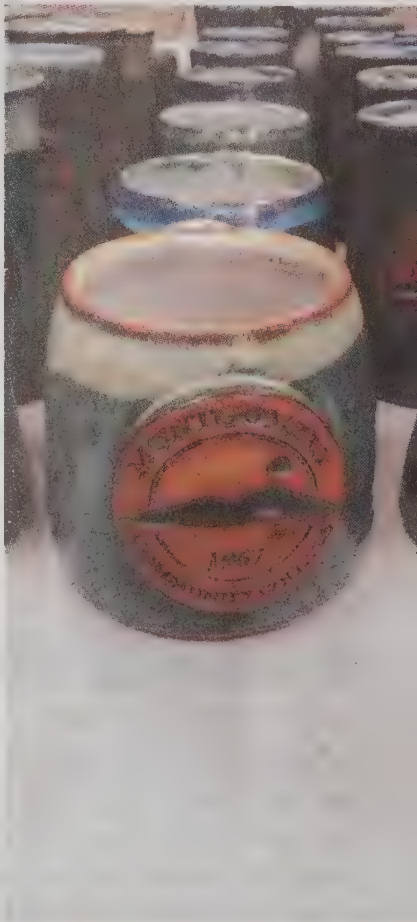

POTTERY

Pottery- Heritage Crafts

Learn from instructors Meredith Heywood, Anne Raven-Jorgensen, both MCC alumni, and Josh Floyd, our new Heritage Crafts Coordinator. A variety of techniques are explored in classes designed for beginners and advanced students alike. Come learn in our well-equipped studio boasting 20 potters wheels; and reduction, salt, raku and electric kilns. Classes run Mon-Fri with new short term "mini-mester" classes and a Monday night class. For more information, contact the Heritage Crafts Department at (910) 898-9675, or e-mail floydj@montgomery.edu for more information.

Introductory and Advanced Pottery

Beginners will be introduced to all of the basic steps of making pottery, including handbuilding and wheel throwing, to glazing and firing. More advanced students can work one-on-one with our instructors to challenge and help push their skills to the next level. Intermingled advanced and beginner

Students encourages a community environment of learning.

Intro & Advanced Pottery	\$72	5:30-9 PM	M	1/9-2/27	Rm 300
Intro & Advanced Pottery	\$72	6-9 PM	M	3/6-5/8	Rm 300

Intro & Advanced Pottery	\$182	8:30 AM-4:30 PM	F	1/13-5/5	Rm 300

TAXIDERMY

Mammal Taxidermy

The following courses are built to be bundled as a three-section course to cover mounting game heads, deer, select species of small mammals, and the construction of habitats. The class will also include trade secrets and tips that have been perfected by our lead instructor to assist those students interested in opening or operating a successful taxidermy shop/studio. Classes can be taken independently, but students are encouraged to take all three sections to maximize instruction, hands-on experience, and shop time.

Introduction to Mammal Taxidermy (Section 1)

Emphasis is placed on proper measuring techniques, skinning, form selection, and mounting procedures.

Section 1	\$200	9:30 AM-6 PM	MTW	1/9-2/14	Rm 162
------------------	--------------	---------------------	------------	-----------------	---------------

Introduction to Mammal Taxidermy – Deer (Section 2)

Students will learn to skin, preserve, and mount deer to achieve a life-like appearance. This course will also include proper color restoration and mounting/scene options.

Section 2	\$200	9:30 AM-6 PM	MTW	2/15-3/29	Rm 162
------------------	--------------	---------------------	------------	------------------	---------------

Introduction to Mammal Taxidermy – Small Game (Section 3)

Students will learn to skin, preserve, and mount small mammals to achieve a life-like appearance. This course will also include proper color restoration and construction of habitats.

Section 3	\$200	9:30 AM-6 PM	MTW	4/3-5/9	Rm 162
------------------	--------------	---------------------	------------	----------------	---------------

Small Business Center

The Small Business Center is a resource provided by the State of North Carolina and Montgomery Community College to help small businesses succeed. We provide confidential business counseling services, business skills seminars and access to vital resources and information, all free of charge. Advance registration for Small Business Center seminars is recommended.

To make an appointment for counseling services, for more information, or to register for seminars, please contact the Small Business Center at (910) 576-6222, extension 216, or at mcdanielj@montgomery.edu. **(Please note: A new telephone number for the Small Business Center will be issued in December 2016. The new number is (910) 898-9682.)** For more information or to register for a seminar visit www.montgomery.edu/index.php/corporate-training#small-business-center. *All Small Business Center seminars are free of charge.*

Get answers to most of the frequently asked questions related to the transition from hobby to business including market potential, resources, income and sales tax and more.

BEST PRACTICES FOR PRESENT AND PROSPECTIVE BUSINESS OWNERS

Business Brainstorm

Small Business at The Front Porch Pickin' Vintage Emporium

These networking and brainstorming sessions are guided by local small business owner and entrepreneur, Riley Beaman. Beaman is the owner of several small businesses including the newest voice of the Uwharries—Uwharrie Mountain Radio.

Beaman is an out-of-the-box thinker who enthusiastically promotes small business in the county through his very successful Uwharrie Mountain Radio Facebook page. Get energized during these sessions with the exchange of ideas and best practices. Each session will include a short presentation on a hot topic affecting small businesses in the county.

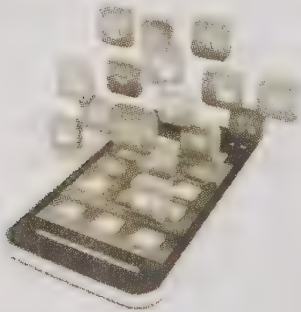

Business Brainstorm	6-9 PM	T	1/3	Riley Beaman	Front Porch

PSY-150	W1	General Psychology	3	Nelson	Online		

Montgomery Community College Foundation

Legacy Bricks

Purchase a Brick. Leave a Legacy.

To celebrate the college's 50th anniversary, long-time college benefactors Arron and Gelynda Capel donated a commemorative bell to be placed near the center of MCC's campus as a symbol of the college's enduring legacy as a center of learning and opportunity. MCC Foundation would like to extend an invitation to the community to be a part of this legacy by purchasing engraved bricks which will be installed as part of the bell's base.

These bricks will honor loved ones—graduates, family members, friends—will commemorate a special event or memory, or will stand as your tribute to the enduring mission of Montgomery Community College to provide quality educational opportunities to all who enter its open doors.

Each 4" x 8" laser-engraved Legacy Brick costs \$100 and can accommodate your choice of a selection of styles and emblems.

If your Legacy Brick is a gift, you may choose for the Montgomery Community College Foundation to notify the recipient with an attractive gift announcement at no additional charge. Deadline to purchase a brick is April 24, 2017.

For more information, or to order a Legacy Brick, please visit our website at www.montgomery.edu/bricks or contact Lynn Epps, Foundation Director, at eppsl@montgomery.edu or (910) 576-6222, extension 209.

Mark Your Calendar

Montgomery Community College will be observing its 50 year anniversary as a college in 2017. To celebrate, we're planning some awesome events you won't want to miss. So mark your calendars, save the dates, and celebrate with us!

April 21 - MCC Foundation Golf Tournament

August 10 - MCC Open House with Montgomery County Schools Back to School Event

September 7 - MCC Birthday Party

September 22 - MCC 50th Anniversary Raffle & Gala
